

## WHAT'S NEW AT HBHS P&C

JULY 21, 2015

- Great to have 25 interested parents and teachers on Tuesday night to hear and contribute to Homebush Boys High School community.
- Our principal, John Kennedy, updated us regarding school business and work accomplished during the holidays to replace worn out carpets and awnings on the Tedford gym. Cr Jodi McKay visited the school investigating ways she can become involved. It may be possible to request some financial help for school improvement projects. We will keep you informed.
- Congratulations to the Sports Teams, Symphonia Jubilate Orchestra, year 10 and 11 Business Entrepreneurs at UWS and Iftar organisers. A very busy school!
- Led by Fay, we spent some time brainstorming ideas and planning for the P&C **Multicultural Cookbook** and hope to have packs ready for circulating within the school explaining how we can each contribute to this amazing project. We are thinking along the lines of "Eat, Share and Tell", how our food experiences influence our lives and cultures.
- A competition will be open for the naming of the book. We would love parents to be involved in a variety of ways to complete this cookbook, please email Fay at [hbhscookbook@gmail.com](mailto:hbhscookbook@gmail.com).
- We are aiming to offer an opportunity to purchase Name Pavers to celebrate the school's 80th anniversary and a Fathers' Day Stall, in September and later in the year family photos. An informative letter is to be sent out soon.
- We discussed awards programmes and parent notifications and encourage all parents to check the school online calendar for important events.
- Thanks to Valerie and Wendy for sorting out insurance and Maria, Amy and Fiona for their work towards Citizenship Ceremonies for Strathfield Council.
- See you all at the next meeting, August 18.
